

URGENT: DUE DATE FEB. 3

CAPT needs your written furlough denials NOW!

We've asked for written denials of furlough time off before, but if you haven't sent yours to us, **NOW IS YOUR CHANCE.**

A calendaring mistake by the state means that our furlough-lawsuit hearing – originally scheduled for January 15 – had to be rescheduled for March 19.

But when Sacramento Superior Court Judge Timothy Frawley rescheduled the hearing, he said our case was very important and that he wanted to see even more evidence of furlough-use denials.

We've already got a lot of these documents in to the judge, but the hearing delay gives us an opportunity to gather more evidence for him. So send us your written furlough-use denials by **February 3** so we can add them to our court documents!

Bring them by your chapter office, or fax them to CAPT Headquarters at (916) 329-9145.
